1. Transmitted herewith for your review and an opinion as to its adequacy for contractual purposes is memorandum from Chief, Research and Development, Staff II, OPC, dated 17 January 1951.

2. In the opinion of this office this document does not provide sufficient information, particularly with respect to certain fixed elements normally required to make a supply production contract enforceable, such as definition of the service(s) to be rendered, the consideration to be paid for said service(s), the time of delivery, etc.

3. This office appreciates the problem and is prepared to make a flexible contract to accommodate the unusual situation involved. It has the experience to prepare the contract if given the basic factors necessary. However, in the absence of such factors there are legal limitations imposed which this office is not prepared to assess. It is therefore seeking your guidance before attempting to draft and present a contract.
